

Report on Tree Plantation

The “**NSS Unit of Khyati College of Pharmacy**”, Palodia, Ahmedabad had organized “**Tree Plantation -2021**” Drive on **22nd June, 2021** at Khyati Foundation Campus. As initiative of Gujarat Technological University our institute had planted various trees for pollution free earth as well as to launch the “**Go Green**” campaign – 2021. The Volunteers of the event had collected saplings from the Nursery. **Ms. Ankita Patel, Assistant Professor & NSS Cell Member**, Khyati College of Pharmacy addressed the staff & volunteers about the role of trees in human life. She also mentioned that we should take utmost care of environment.

As we all know trees help to combat **global warming** by absorbing carbon dioxide, removing and storing carbon while releasing oxygen back into the air. They also reduce wind speeds and cool the air as they lose moisture and reflect heat upwards from their leaves. It’s estimated that trees can reduce the temperature in a city by up to 7°C. Other environmental benefits include the fact they help **to prevent flooding and soil erosion, by absorbing thousands of litres of storm water.**

The volunteers planted traditional plants. These plants include **Neem, Pipal, Saptparni, Tulsi, Banyan Tree, Tamradus Indica etc.** Also volunteers were assigned to watering and digging to plant trees.

Staff & Student Volunteers planted **100 trees from 10 am to 1.30 pm.** Mr. Harsh Trivedi, I/C Principal, Ms. Ankita Patel, Assistant Professor & NSS Cell Member, Mr. Rajnikant Makwana, Assistant Professor & NSS Cell Member, Ms. Anu Patel, Assistant Professor, Ms. Drashti Patel, Assistant Professor, Mr. Ravi kala, Social Activist were present for the same.
